THE NEW RAILROAD BILL.

The Plain Statement of The Objections to it -- Who Stood Against the Monopoly.

Columbia Register, Dec. 23.

The calendar was taken up. The Railroad Bill was amended and passed its third reading, and was ordered to be engrossed for ratification.

The following voted for its pas-

Messrs. Byrd, Callison, Coker, Earle, Ferguson, Gaillard, Hart, Izlar, Munroe, Patterson, Robinson and Howell-14.

Those Senators who voted against the passage of the bill are:

Messrs. Benbow, Buist, Field, Harlee, Henderson, Lartigue, J. W. Moore, T. J. Moore, Perry, Smythe and Wallace—12.

Upon the announcement of the vote, Mr. Galliard moved to reon the table. This motion prevailed, the same vote being east as upon the passage of the bill.

Mr. Smythe asked for the reason governing the opponents of the They are as follows:

The undersigned submit the following as some of their reasons for voting against the bill:

I. Because the bill does not involve the principle of the regulation of railroad rates by the State, but only the method of doing so.

II. Because the method adopted by the last General Assembly has not had time to be fairly tested, so as to decide whether or not it is a success.

III. Because the method suggested by the bill is crude and un--L. C. Hughson has our thanks tried anywhere, and there is no assurance that it will prove satisfac-

IV. Because under the present method the power to fix rates rests in three Commissioners. Under this bill that power is vested in one The best and cheapest Agricultural Circuit Judge, already overworked by the legitimate duties of his of-

right and the propriety of imposing those duties upon the Cir-

cuit Judge of the Fifth Circuit, or any other Circuit Judge, in addition to his other and legitimate duties.

VI. Because we question the right of the Legislature to confer upon the Circuit Court of Richland county the appellate jurisdiction conferred by this bill, a jurisdiction different from that of any Circuit court in the State.

VII. Because the fifth section is illusory and affords no greater relief than that now afforded suitors under the law.

VIII. Because the seventh section imposes by Act of the Legislature arbitrary rates and restrictions on the railroads without any opportunity to have them considered or modified.
